

## STRATEGIC AWARENESS EVENT: 14<sup>th</sup> June 2018

### “Systems Medicine in Italy –Who and Where? Present and future perspectives”

#### AGENDA

- 8:45-9.15      **Registration**
- 9:15-9:45      **Opening and Welcome Speech**  
Giovanni Leonardi

#### SESSION I

##### “The Systems Medicine: State of Art” Chair Person Alfredo Cesario

- 9:45-10:00    **A Systems Medicine Overview**  
Gianfranco Gensini
- 10:00-10:20   **Introduction talk related to ERACoSysMed: Systems Medicine calls and Awareness**  
Rob Diemel
- 10:20-10:40   **EASYM and Training in Systems Medicine at the European level**  
Damjana Rozman
- 10:40-11:00   **From Medicine to Digital Medicine. Sit back, relax and enjoy the ride.**  
Sofoklis Kyriazakos
- 11.00-11.30    **Coffee break**
- 11:30-11:50   **The end of medicine as we know it**  
Harald Schmidt
- 11:50-12:10   **The Italian Association of Systems Medicine**  
Christian Pristipino
- 12:10-12:30   **A successful example of SM approaches in the understanding of COPD**  
Josep Roca
- 12:30-13:00    Open general discussion
- 13:00-14:00    Light lunch

## Session II

**Methodological advances and applications of research in the medical systems: Impact on the Clinic and perspectives for patients. Chair Person Alberto Felice De Toni**

- 14:00-15:30 **Research, Hospitalization and Health Care (IRCCS)Network**  
**Giovanni Apolone**  
IRCCS Network Alliance against Cancer (ACC)  
**Elena Tremoli**  
IRCCS Network Cardiovascular Diseases  
**Fabrizio Tagliavini**  
IRCCS Network Neuroscience And Rehabilitation  
**“A model approach to systems pediatrics”**  
**Bruno Dallapiccola**  
IRCCS Network Italian Developmental Age Health-IDEA  
**Fabrizia Lattanzio**  
IRCCS Network Aging And Active Longevity (AGING)-
- 15:30-15:50 **Rare Diseases**  
Domenica Taruscio
- 15:50-16:10 **Infectious Diseases**  
Giuseppe Ippolito
- 16:10-16:40 **ERANET ERACoSysMed - Success stories:**  
Systems Medicine on Transplantation Medicine: A systems medicine approach to minimize macrophage-associated interstitial fibrosis and tubular atrophy in renal allograft rejection.  
Massimo Locati.
- Systems Medicine on Neurological Disease: Using computational tools to design personalized healthcare for Multiple Sclerosis  
Antonio Uccelli
- 16:40-16.55 **Nikole Kerlero de Rosbo**  
**“From the point of view of patient associations”**  
**Cittadinanzattiva (TBC)**
- 16.55- 17:30 **Closing Remarks**

**Networking Cocktail**

## RELATORS:

**Giovanni Apolone.** Foundation National Cancer Institute (Irccs) Milan. Scientific Direction

**Alfredo Cesario.** Fondazione Policlinico Universitario A. Gemelli (Irccs). Chair Of The Scientific Advisory Board, Eracosysmed

**Bruno Dallapiccola.** Bambino Gesù Paediatric Hospital And Research Center. (Irccs). Scientific Direction

**Alberto Felice De Toni .** Rector University Of Udine

**Rob Diemel.** Zonmw, Netherlands

**Gianfranco Gensini.** Department Of Clinical And Experimental Medicine Florence University

**Giuseppe Ippolito.** Irccs Spallanzani Institute For Infectious Disease

**Nikole Kerlero De Rosbo.** Researcher University Genova

**Sofoklis Kyriazakos.** Department Of Business Development & Technology. U. Aarhus, Denmark

**Fabrizia Lattanzio.** Inrca Geriatric Hospital (Irccs). Scientific Direction

**Giovanni Leonardi.** Director General For Research And Innovation In Health Care - Ministry Of Health.

**Massimo Locati.** Head Of Leukocyte Biology Lab. Hospital Humanitas Clinical And Research Center, Italy

**Christian Pristipino.** Pastpresident Italian Association Of Medicine And Systemic Health (Assimms)

**Walter Ricciardi.** President Of National Institute Of Health.

**Jose Roca.** Department Of Pulmonary Medicine. University Of Barcelona, Spain.

**Damjana Rozman.** Institute Of Biochemistry, University Of Ljubjana, Slovenia

**Harald Schmidt.** Department Of Pharmacology & Personalised Medicine F. Health. Maastricht University

**Fabrizio Tagliavini.** Neurological Institute Carlo Besta (Irccs). Scientific Direction

**Elena Tremoli .** Monzino Cardiological Center (Irccs). Scientific Direction

**Domenica Taruscio.** Rare Disease Center, Italian National Institute Of Health

**Antonio Uccelli.** Scientific Director Hospital San Martino Genova

**Cittadinanzattiva**
